Attention: To whom it may concern

Dublin, 02/10/2011

I write regarding the redevelopment of our facilities at Unit 13/14 Holly Avenue carried out by ADCO Contracting & Civil Engineering Ltd, from last February to June. The work comprises the full refurbishment of a 2600m² pharmaceutical building with major reconfiguration of the ground floor, clean room areas and associated systems. The contract sum was in the region of €900,000.

The work was carried out to a high standard and completed on time. No unjustifiable cost overruns were experienced, and throughout the project we received full co-operation from ADCO Management and staff.

The site, during the works, was managed to a very high standard, with particular emphasis on Health & Safety.

On completion I was very happy with quality of the completed building.

Regards,

Des O'Leary
General Manager
Biotrin International Ltd.
