ADCO Contracting was established in early 2009 with a strong focus on clean room, fit-out work and general contracting in the **pharmaceutical sector**.

Since then, ADCO has grown steadily into a reliable and trusted company within the pharmaceutical sector, completing shutdowns, upgrades, and redevelopment works for different clients. Today ADCO is proud to be associated with renowned and prestigious clients such as MSD, Amgen, Biotrin, Covidien and Pfizer, among others.

ADCO will continue over the coming years to focus strongly on developing the company as a quality specialist in the pharmaceutical sector with a view to broadening and strengthening its client base. ADCO is constantly researching the pharmaceutical sector to identify the specific needs of the clients so that ADCO can satisfy these needs with efficient cost-effective solutions.

ADCO also undertake; general contracting, civil engineering & commercial fit-out works as well as project management services and have done so in the past for clients such as DAA, HSE, OPW, Dept. of Education and 20,000 sq ft office fit-out for Hedgeserv, among other valued clients.

Our clients value our dedication to innovation, safety and sustainability and we assure that all our projects are delivered to the highest standards, within budget and on time, every time. ADCO’s success is based on our genuine commitment to provide a superior service, of the highest quality with excellent workmanship. ADCO found that our clients value our responsiveness and devotion to customer service.

“ADCO...have carried out the work in a professional manner and demonstrated a clear understanding of all the requirements associated with Health and Safety, Quality Control and Work Methodologies that are associated with working within in a Pharmaceutical environment.”
